

Isle of Essence

Isle of Essence is a melting pot drawing from such styles as It's hardfunk, rock, jazz and blues. With this soulful approach, they've fashioned a groove uniquely their own. to imagine such a distinct sound is produced by only three musicians: Duane 'Da Doc' Wissler on bass, Jeremy 'Sunstone' Perreira on vocals and guitar, Aaron 'Iron Clad' Moore on drums, percussion, and vocals and Richie 'FingAZ' Russo on keys. Only in sharing such a complete understanding & love for one another's music could they produce such intense melodies. With a strong belief in the message of their music, they simply wish for an opportunity to show the world.
